Last Update: 16 02 2023

Getting you fit for loan

- A new service delivered by Fehons in cooperation with trusted loan specialist
- Fehons will check your financial wellbeing by reviewing your business data and organising a mentoring session with our loan advisor
- If your financial data are not good enough yet, we will help you make a plan to achieve the goals so as to succeed with a loan application.

Do you have a stressed loan?

- Fehons will review your business data and identify red flags
- We will recommend areas for improvement and how to bring your business on track so as to serve the loans
- Together with our loan specialist you will be able to see options of getting a lower rate loan

Do you want to pay quicker

- To pay a loan quicker, you must consider a lower interest rate and increase the profitability of your business
- We can help you with these by working on your data and analysing your business

How we work differently

- We work with the loan advisor as one team to ensure your business wellbeing while you are serving the loan
- **Not just to get the loan**
